## Nordic Flow Cytometry Meeting, February 10<sup>th</sup>-11<sup>th</sup>:

Speakers:

**Andrew Filby**, PhD, Newcastle University, UK

**Anna Porwitt**, MD/PhD, University of Lund, Sweden

**Asbjørn Christophersen**, MD/PhD, University of Oslo, Norway

**Heidi Ø. Notø**, MSc, Oslo University Hospital, Norway

**Iyadh Douagi**, PhD, National Institute of Health, USA

**Ida A. Herdlevær**, MSc, University of Bergen, Norway

**Jonni S. Moore**, PhD, University of Pennsylvania, USA

**Marius Lund-Iversen, MD/PhD & Hiep P. Dong**, PhD, Oslo University Hospital, Norway

**Mark Dessing**, PhD, BD, Switzerland

**Marte Høen Lein**, MSc, St. Olav's Hospital, Trondheim, Norway

**Mikkel Steen Petersen**, PhD, University of Aarhus, Denmark

**Muhammad Ali**, MD/PhD, Oslo University Hospital, Norway

**Patrick Aldrin-Kirk**, PhD, University of Copenhagen, Denmark

**Søren Egedal Degn**, PhD, University of Aarhus, Denmark

## Basic Flow Cytometry Course (optional), February 9<sup>th</sup>:

By **Mikkel S. and Charlotte C. Petersen** (University of Aarhus).

Guest starring **Morten Löbner** (BD)

Topics: Introduction to the physics of fluorescence, fluorochromes and spectra. Spectral overlap and compensation. Controls and panel design. Tricks of the trade (practical instrument setup, optimization, and common pitfalls). Applications in flow cytometry. Basics of Cell Sorting.

**Eligible for 1 ECTS at many universities!**

Location: X meeting point, Skjetten, Oslo

30 min bus ride from Oslo Gardermoen Airport
