

## To all flow cytometry enthusiasts!

We are delighted to invite you to participate in our 12th National Flow Cytometry Meeting 2024 in Tromsø, organized in collaboration with the Norwegian Society for Flow Cytometry (NFCF) and the University of Tromsø (UiT). This event will be held on the 6th and 7th of June 2024, accompanied by a flow cytometry pre-course starting on the 5th of June.

### High-parameter Flow Cytometry Pre-course; Wednesday, June 5<sup>th</sup> and June 6<sup>th</sup> UiT.

The course will be held by the very talented and experienced lecturers, Mikkel S. and Charlotte C. Petersen (Aarhus University Hospital and University of Aarhus), and cover important topics in conventional flow cytometry, give you an introduction to spectral flow, and end with a parallel session on the use of various softwares (FlowJo, FCS Express and Cytobank) to conduct high-dimensional data analysis.

Please download the course schedule at [www.flowcytometri.no](http://www.flowcytometri.no). The course will be well suited for users with basic experience in flow cytometry who wish to further extend knowledge in the growing field of flow cytometry, as well as for being introduced to advanced data analysis. The course will be held in English.

#### Credits for course attendance (1 ECTS)

The Faculty of Medicine at the University of Oslo (UiO), The Norwegian University of Science and Technology (NTNU) and The University of Bergen (UiB); participation in research courses without credit standards may be approved upon application, for calculation of credits.

### National Flow Cytometry meeting; Thursday, June 6<sup>th</sup> and Friday, June 7<sup>th</sup>, UiT.

Our program has been thoughtfully crafted, featuring some of the best speakers in the field of flow cytometry. Whether you are a newcomer or an experienced flow cytometry user, this meeting promises to provide valuable insights and knowledge. It is possible to attend the meeting only (June the 6th and 7th), but we hope many will have the opportunity to attend both the pre-course and the meeting. See [www.flowcytometri.no](http://www.flowcytometri.no) for the latest program info and a list of confirmed speakers.

### Meeting and Pre-course Fees (early bird registration before March 1<sup>st</sup>)
